

Leading the Cyborg

Tools for leading in a digital adaptive organization
Training for leaders

*Learn how to balance
structure with adaptability!*

*Handle complexity,
change and uncertainty
with confidence!*

*Deal authentically with
leadership paradoxes and
ambiguities!*

Create lasting Impact!

Two 5-hour modules:

Module 1 focuses on balancing organizational tensions and handling leadership paradoxes; and uses real-life case studies to analyze dualities.

Module 2 addresses systemic approaches to managing complexity, impactful change strategies, and incorporates a peer case review of a real-world example brought by participants.
